STATEMENT OF PURPOSE: This resolution authorizes the renewal of the city's annual contract with Holiday Stationstores, the second year of a potential five-year contract, for station fuels during year 2013, for an amount not to exceed 1,200,000.

The price is based upon a fixed constant of \$.05 cents per gallon for service station fuels and \$.20 per gallon for delivered bulk fuels. Total fuel usage can be broken down as follows: Service station fuels - 80% and delivered bulk fuels 20%. The bid constant is added to the Duluth daily rack average price plus taxes. The estimated price is based on usage from prior years.

The purchasing division posted the original request for fuel bids, both station and bulk, January 5, 2012, on the city's website and received two responses from local companies by the closing date. City staff carefully reviewed both bids, and recommended that Holiday Stationstores, the low bid for station fuels, be awarded a contract.
